AT EELAF

WE ENABLE THE CONNECTED WORLD

By building, connecting, powering and protecting valuable assets and critical infrastructures, we help to sustain and grow businesses and communities worldwide. We accomplish this by offering full-line solutions, technical intelligence, supply chain expertise and distribution network.

With **EELAF**, you can expect reduced execution costs, proven risk mitigation strategies and industry-specific technical advice combined with local sourcing, procurement and logistics excellence. Our team of experienced sales professionals, technical experts and Supply Chain Solutions specialists is ready to work with you to take cost and complexity out of your procurement decisions and project processes.

OUR GOAL

OUR GOAL IS SIMPLE

To create reliable, resilient systems that drive efficiency and effectiveness to benefit your business.

OUR SERVICES

Reducing costs, saving time, increasing efficiency and mitigating risks are our goals on every project.

With our customizable Supply Chain Solutions, you can eliminate costs, address sustainability requirements, enhance your focus on your core competencies and stay competitive in the marketplace.

Sourcing Services

Managing multiple low-volume suppliers can be time consuming and create inefficiencies in your business.

Inventory Management

Managing inventory can have an adverse effect on your schedule and budget if not done properly.

Global Logistics

Everytime products are moved or transported, the risk of project delays and added costs increase.

Ecommerce Solutions

Transaction processing is an operational necessity; however, it can be a burden on cost, efficiency & time.

EELAF SERVICES

GLOBAL SOURCING

“

EELAF can research, identify, validate and price products as well as manage multiple low-volume suppliers. With our supplier relationships and knowledge of the latest products and applications, we can help reduce the time and resources you spend on sourcing products. Our services, from part number consolidation to copper price risk mitigation, can also improve the efficiency and profitability of your business.

EELAF SERVICES

INVENTORY MANAGEMENT

EELAF's inventory management services leverage our distribution and Supply Chain Solutions to help our customers optimize the flow of material from our site, their site or the job site, reducing inventory risks and costs associated with returns, obsolete, excess & scrap inventory.

EELAF's just-intime replenishment solutions lower the total cost of ownership, improve productivity and scale to meet production demands.

WHY CHOOSE EELAF

CORPORATE RESPONSIBILITY

At EELAF, we promote responsible business practices at every level of the company and expect the same of all of our employees and everyone with whom we do business. We strive to conduct business ethically, honestly and in accordance with the law and Global Business Ethics and Conduct Policy (Ethics Policy).

Our long-standing commitment to corporate responsibility is governed by policies and programs that include, but are not limited to, anti-bribery and corruption; charitable programs; environmental product compliance; sustainability; and human rights, fair labor principles and workplace safety.

SOCIAL
RESPONSIBILITY

EELAF CHARITY

As a company, we believe it is important to support the communities where our employees live and where we conduct business. We encourage and support employees' efforts to engage with their communities through our corporate social responsibility program—**EELAF CHARITY**.

EELAF CHARITY promotes giving back to our local and wider communities through these initiatives:

Habitat for Humanity builds

Red Crescent gift matching

Charity champions

Time off to volunteer

Higher education gift matching

WHY CHOOSE EELAF

SUSTAINABILITY PROGRAM

Through its Corporate Sustainability program, EELAF seeks to continuously improve business processes to control and reduce the impact associated with its targeted environmental aspects of energy, waste, materials and natural resources and transportation.

By targeting measurable results within each environmental aspect combined with using A Sustainable approach, which focuses on the economic, environmental and social impacts of the organization, EELAF balances environmental responsibility and return on investment.
